An unusual case of insanity has come before the County Court from Mt. Pleasant Township. A short time since H. A. Jacks and wife of California came to the home of Mrs. Jack's mother, a Mrs. Means, who has resided in that township for several years. Soon afterwards Jacks left his wife with her mother and said he was going on a visit to his old home in Canada. Last week Mrs. Jacks became violently insane and had to be confined in jail and it is generally believed that her husband has abandoned her. The County Clerk has written Mr. Jacks at his Canadian address and it will help the Court out of its dilemma if he will pay his wife's expenses at the asylum where she will have to be sent. The law says the court can only pay the expenses of citizens of the county, but it is generally believed that the law will bear stretching on the broad ground of humanity. The case will be considered next Tuesday.

In a convention of teachers held at Evansville, Ind., recently, R. J. Aley, of Indianapolis, state superintendent said that he had gone into schools where there were 2,000 females as students, and that, in all this number, there were not over twelve "girls." The others, he said, were attired as if they were going to social functions. He deplored this fact, and said the school room was no place to pull off society stunts. He declared it was not the fault of the teacher, but of the parents.

WAS YOUR GRANDMOTHER A GOOD COOK?

Fifty years ago your Grandmother was successful in her baking in spite of many handicaps. In her day Baking Powder was a novelty. She was glad to pay 50 cents a pound for it. Since her time modern improvements have reduced the cost of manufacture until a much better Baking Powder is produced for only one-third the money. Still the Baking Powder Trust asks you to pay the old high prices today for the same old-style Baking Powders. K C BAKING POWDER combines the best of everything in materials, quality and scientific skill to make the most perfect of all Baking Powders. Remember—K C Baking Powder—guaranteed under all Pure Food Laws. And the price—25 cents for a 25 ounce can!

Ill Health is More Expensive Than any Cure

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nineteen-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all druggists.

MONUMENTAL TALKS.

The agent for non-resident firms tells you what bargains he is furnishing in monuments now in some way he is saving a deal of freight selling work a wholesale, owning large manufacturing plants, and possibly owns a quarry or two.

But possibly he forgets to tell you what commission or salary he is getting for selling work, what his traveling expenses are per month; also that he would be of no use to the firm he works for unless he made them a profit in addition to these extra expenses; that in any saving of freight or some other expense it is the local dealer who has the advantage; that the best satisfaction and best terms in buying monuments are obtained from buying direct from some reliable dealer and not through agents; that the best work is not obtained from the "cheaty John" talker, and cheap work is dear at any price.

We do not employ agents. Cramer's monuments are dependable in every way. Give us a chance to show you what he can do, then if for any reason you do not think to your best interests to patronize the home dealer we will be glad to give you the names of other reliable dealers. It is not necessary to buy through agents and pay the extra salary or commission.
